WELCOME

Welcome to the Summer Soirée

Dear Friends and Neighbors,

Thank you for being here tonight!

2026 has been a year of growth and transition for us. We have a new website, a public awareness video and campaign, and a growing team to meet our community's needs. None of it would be possible without you.

As I reflect on my first eight months as Executive Director, I'm filled with gratitude for the chance to serve this Island in a new way. Before this role, I spent 26 years as a bedside nurse, ten of them as HPCMV's Clinical Director, caring directly for our Island community. That experience still guides me every day: listen closely, meet people where they are, and make sure no one feels alone during life's most difficult moments.

These first months have been about strengthening our foundation from the inside out, improving internal processes, growing our team, and deepening community partnerships, so patients and families receive more responsive, consistent, compassionate care. That behind-the-scenes work matters because every improvement in how we operate is felt directly by the people we serve.

If there's one thing I want every member of this community to hear, it's this: please don't wait to reach out. You don't need to know what you don't know, and you don't need to wait for a crisis. Whether you're facing serious illness, caring for someone you love, or grieving a loss, HPCMV is here.

Your presence tonight reflects what makes Martha's Vineyard extraordinary: neighbors showing up for neighbors. The funds raised this evening directly support the hospice, palliative, and grief services Island families depend on. To our sponsors, donors, volunteers, and guests, thank you. We are so grateful.

With Gratitude,

Chantale Patterson

Celebrating 45 years of compassionate care for our Island neighbors

If you are facing serious illness or grief, our experienced team will be there when you need us. At Hospice & Palliative Care of Martha's Vineyard (HPCMV), we focus on comfort, dignity, and quality of life, managing pain and symptoms while supporting your emotional, spiritual, and practical needs. We'll partner with you and those involved in your care to address what matters most to you. Guided by your needs and choices, we offer end-of-life care in the place you call home.

Supporting Patients, Families & Caregivers:

Hospice Care

Expert care for people facing serious illness and their family, focused on comfort, dignity & quality of life, rather than cure.

Palliative Care

Specialized services for those living with serious illness who are not yet eligible or ready for Medicare Hospice services.

Grief Counseling

Grief & bereavement support for people of all ages who have experienced the death of someone significant to them.
